Attention: NICOLE

This correspondence is to inform you of your current Performance Ratings. These ratings are based on Incoming Inspection/Test evaluations for the past **Twelve-month** period (9/30/05 – 9/30/06).

We have established the Supplier Overall Performance Goal for the year at 99%. Overall performance ratings of greater than 90% are expected from our suppliers. Ratings of 86% thru 89% suggest that our suppliers should be highly concerned. Overall Ratings of 85% or less are considered Unacceptable and warrant immediate response and or improvement.

Your Overall Performance Rating is 99%.

This Overall Performance Rating represents the arithmetic mean of your **Quality Rating, 100%, & Delivery Rating, 98%.**

Your current Performance Rating is **Excellent.**

The supporting detail resides on file and can be provided upon request.

L3 Communications Narda Satellite Networks encourages continuous performance improvements.

L3 Communications Narda Satellite Networks considers **PICONICS INC** to be a valued supplier. It is equally important in our quality goal that our suppliers maintain a high Overall Performance Rating.

If you should have any questions please do not hesitate to contact me.

Sincerely,
